GA-506 Marietta/Cobb Continuum of Care
2021 CoC Competition Procedures

The Continuum of Care Program is designed to promote a community-wide commitment to the goal of ending homelessness; to provide funding for efforts by nonprofit providers, states, Indian Tribes or tribally designated housing entities, and local governments to quickly rehouse homeless individuals, families, persons fleeing domestic violence, dating violence, sexual assault, and stalking, and youth while minimizing the trauma and dislocation caused by homelessness; to promote access to and effective utilization of mainstream programs by homeless individuals and families; and to optimize self-sufficiency among those experiencing homelessness.

HUD's Homeless Policy Priorities

HUD's Homeless Policy Priorities are defined in Section II.A of the 2021 NOFO (Notice of Funding Opportunity) as follows:

1. *Ending homelessness for all persons.* To end homelessness, CoCs should identify, engage, and effectively serve all persons experiencing homelessness. CoCs should measure their performance based on local data that consider the challenges faced by all subpopulations experiencing homelessness in the geographic area (e.g., veterans, youth, families, or those experiencing chronic homelessness). CoCs partner with housing, health care, and supportive services providers to expand housing options, such as permanent supportive housing, housing subsidies, and rapid rehousing. Additionally, CoCs should use local data to determine the characteristics of individuals and families with the highest needs and longest experiences of homelessness to develop housing and supportive services tailored to their needs.

2. *Use a Housing First approach.* Housing First prioritizes rapid placement and stabilization in permanent housing and does not have service participation requirements or preconditions. CoC Program funded projects should help individuals and families move quickly into permanent housing, and the CoC should measure and help projects reduce the length of time people experience homelessness. Additionally, CoCs should engage landlords and property owners to identify an inventory of housing available for rapid rehousing and permanent supportive housing participants, remove barriers to entry, and adopt client-centered service methods. HUD encourages CoCs to assess how well Housing First approaches are being implemented in their communities.

3. *Reducing Unsheltered Homelessness.* In recent years, the number of people experiencing unsheltered homelessness has risen significantly, including a rising number of encampments in many communities across the country. People living unsheltered have extremely high rates of physical and mental illness and substance use disorders. CoCs should identify permanent housing options for people who are unsheltered.

4. *Improving System Performance.* CoCs should be using system performance measures (e.g., average length of homeless episodes, rates of return to homelessness, rates of exit to permanent housing destinations) to determine how effectively they are serving people experiencing homelessness. Additionally, CoCs should use their Coordinated Entry process to promote participant choice, coordinate homeless assistance and mainstream housing, and services to ensure people experiencing homelessness receive assistance quickly, and make homelessness assistance open, inclusive, and transparent. CoCs should review all projects eligible for renewal in FY 2021 to determine their effectiveness in serving people experiencing homelessness, including cost-effectiveness. CoCs should also look for opportunities to implement continuous quality improvement and other process improvement strategies. HUD recognizes the effects of COVID-19 on CoC performance and data quality and, compared to previous CoC NOFOs, reduces the points available for rating factors related to system performance.

5. *Partnering with Housing, Health, and Service Agencies.* Using cost performance and outcome data, CoCs should improve how all available resources are utilized to end homelessness. This is especially important as the CARES Act and American Rescue Plan have provided significant new resources to help end homelessness. HUD encourages CoCs to maximize the use of mainstream and other community-based resources when serving persons experiencing homelessness and should:
   a. work closely with public and private healthcare organizations and assist program participants to obtain medical insurance to address healthcare needs;
   b. partner closely with PHAs and state and local housing organizations to utilize coordinated entry, develop housing units, and provide housing subsidies to people experiencing homelessness. These partnerships can also help CoC Program participants exit permanent supportive housing through Housing Choice Vouchers and other available housing options. CoCs and PHAs should especially work together to implement targeted programs such as Emergency Housing Vouchers, HUD-VASH Mainstream Vouchers, Family Unification Program Vouchers, and other housing voucher programs targeted to people experiencing homelessness. CoCs should coordinate with their state and local housing agencies on the utilization of new HOME program resources provided through the Homelessness Assistance and Supportive Services Program that was created through the American Rescue Plan;
   c. partner with local workforce development centers to improve employment opportunities; and
   d. work with tribal organizations to ensure that tribal members can access CoC-funded assistance when a CoC's geographic area borders a tribal area.

6. *Racial Equity.* In nearly every community, Black, Indigenous, and other people of color are substantially overrepresented in the homeless population. HUD is emphasizing system and program changes to address racial equity within CoCs. CoCs should review local policies, procedures, and processes to determine where

and how to address racial disparities affecting individuals and families experiencing homelessness.

7. *Persons with Lived Experience.* HUD is encouraging CoCs to include in the local planning process people who are currently experiencing or have formerly experienced homelessness to address homelessness. People with lived experience should determine how local policies may need to be revised and updated, participate in CoC meetings and committees as stakeholders, provide input on decisions, and provide input related to the local competition process (e.g., how rating factors are determined). CoCs should seek opportunities to hire people with lived experience.

Types of Projects Funded

The following types of project applications will be eligible for competition and submission under the 2021 NOFO. Ineligible project applications will not be reviewed.
  (1) New Projects Created through reallocation or CoC Bonus processes
  (2) New Projects for DV Bonus
  (3) Replacement YHDP Projects
  (4) Expansion Projects
  (5) Consolidation Projects
  (6) Renewal Projects
  (7) UFA Costs Projects
  (8) CoC Planning Project

The only CoC Program components that will be funded in the FY 2021 CoC Program Competition are:
  1. Permanent Housing (PSH and RRH)
  2. Transitional Housing
  3. Supportive Services Only
  4. HMIS

CoCs may apply for projects that include the TH and PH-RRH component in a single project, a Joint TH and PH-RRH component project.

Creation of New Projects

CoCs may submit new projects created through reallocation, CoC Bonus, or a combination of reallocation and CoC Bonus, new DV Bonus projects, CoC planning project, and if applicable UFA Costs project.

Reallocation and CoC Bonus
New projects that may be created through the reallocation process or as CoC Bonus projects are:
  (a) Permanent housing-permanent supportive housing (PH-PSH) projects
  (b) Permanent housing-rapid rehousing (PH-RRH) projects

(c) Joint TH and PH-RRH component projects
(d) Dedicated HMIS project for the costs at 24 CFR 578.37(a)(4) that can only be carried out by the HMIS Lead, which is the recipient or subrecipient of an HMIS grant and is listed on the HMIS Lead form in the CoC Applicant Profile in *e-snaps*. Additionally, if the CoC has organizations within its geographic area that are victim service providers, the HMIS Lead, or subrecipient, may request HMIS funds for a comparable database. Victim service providers may also request HMIS funds in their project application budgets to enter data into a comparable database.
(e) Supportive services only coordinated entry (SSO-CE) project to develop or operate a centralized or coordinated assessment system.

CoCs may only reallocate eligible renewal projects that have previously been renewed under the CoC Program and hold a current grant agreement.

To receive funding for a new project, the Collaborative Applicant must demonstrate all project applications are evaluated and ranked based on the degree to which they improve the CoC's system performance.

New Projects for DV Bonus
New projects that want to be considered for the DV Bonus may be:
   (a) Permanent Housing-Rapid rehousing projects dedicated to serving survivors of domestic violence, dating violence, sexual assault, or stalking that are defined as homeless (24 CFR 578.3)
   (b) Joint TH and PH-RRH component projects defined in Section III.B.2q of the NOFO dedicated to serving survivors of domestic violence, dating violence, sexual assault, or stalking who are defined as homeless (24 CFR 578.3)
   (c) Supportive services only coordinated entry project to implement policies, procedures, and practices that equip the CoC's coordinated entry to better meet the needs of survivors of domestic violence, dating violence, sexual assault, or stalking.

Expansion Projects
HUD will allow project applicants to apply for a new expansion project as per Section III.B.2.k of the NOFO through reallocation, CoC Bonus, and DV Bonus processes to expand existing projects which will increase the number of units, persons served, services provided to existing program participants, or to add additional activities to HMIS and SSO-Coordinated Entry projects. If the new expansion project will expand an existing eligible CoC Program renewal project HUD will not fund capital costs.

   (a) Project applicants that intend to submit a new project application for the purposes of expanding an eligible renewal project must:
      1. Enter the grant number of the project that is eligible for renewal that the project applicant requests to expand on the new project application;

2. Indicate how the new project application will expand units, beds, services, persons served, or services provided to existing program participants, or in the case of HMIS or SSO-Coordinated Entry projects, how the current activities will be expanded for the CoC's geographic area; and

3. Ensure the funding request for the expansion grant is within the funding parameters allowed under the reallocation or bonus funding amounts available.

(b) Project applicants may expand an existing renewal project that is not currently dedicated to serving survivors of domestic violence, dating violence, sexual assault, or stalking that meet the definition of homeless (24 CFR 578.3) to dedicate additional beds, units, persons served, or services provided to existing program participants to this population.

The new expansion project application must meet the project eligibility and project quality thresholds in Sections V.C.3.b. and c of the NOFO.

To apply for an expansion grant, project applicants must submit separate renewal and new project applications, and both must be ranked by the CoC with unique rank numbers.

Consolidated Projects

Applicants may use the consolidation process to combine two or more eligible renewal projects (e.g., permanent housing-permanent supportive housing projects) may do so through the renewal project application and must ensure:

a. Budget Line Items (BLIs) for the consolidated project application submitted exactly match the sum of the BLIs for each of the individual projects as they appear on the GIW or grant agreement as amended;

b. Inclusion of the expiring grant numbers with operating start and end dates for the projects that are consolidating;

c. Current operating end dates must end in CY 2022;

d. Are in good standing with HUD.

Marietta/Cobb CoC Policies

Application Submission

The Marietta/Cobb CoC will invite submissions for new and renewal projects, including those from applicants not currently funded by HUD or the Marietta/Cobb CoC.

The CoC will publish an open competition for new projects created through bonus and reallocation through the Collaborative Applicant's website, the CoC's general membership list, and the Cobb Collaborative listserv. Organizations not currently funded by HUD or the Marietta/Cobb CoC will be required to submit a Letter of Intent (LOI) outlining the proposed project and organizational information to determine that applicants have satisfactory capacity to meet HUD threshold requirements. LOIs will be due by close of business on September 15, 2021. Proposed projects will be rated on capacity to meet threshold requirements and other factors including:

- Experience of the organization in utilizing federal funds and performing the activities proposed
- Basic organization and management structure of the organization, including evidence of internal and external coordination and an adequate financial accounting system
- Cost effectiveness of housing and services to be provided
- Total of non-HUD resources to be used to implement the project (both match and leveraging)
- Organization's involvement in the Marietta/Cobb Continuum of Care
- Organization's level of experience in HMIS

Organizations submitting LOIs will be notified by September 17, 2021 if they have met threshold requirements.

If no Letters of Intent are received and funds are available from reallocation, the Board of Directors may choose to create a new project(s) based on the needs of the CoC and designate an appropriate, qualified applicant.

All projects except DV projects must participate in HMIS. Projects serving DV victims must participate in HMIS through an alternate system approved by HUD.

All permanent housing projects must participate in Coordinated Entry and fill all vacancies through referrals from the Cobb Coordinated Entry system.

All applications will be due in e-snaps by October 13, 2021. The CoC will conduct a review and ranking, following procedures defined in this document and approved by the CoC Board of Directors. A panel composed of non-conflicted members of the CoC Board of Directors will review and make rating and ranking recommendations in accordance with HUD and Cobb guidelines. The CoC Board of Directors will determine the final rating and ranking of projects by vote to approve or amend the recommendation.

All new projects funded through this NOFO must follow a Housing First model to prioritize rapid placement and stabilization in permanent housing without service participation requirements or preconditions.

Project Review
The CoC will review all project applications for completeness and threshold requirements and will amend applications back for additions or corrections, as necessary. CoCs are expected to closely review the information provided in each project application to ensure:
1. All proposed program participants will be eligible for the program component type selected
2. The information provided in the project application and proposed activities are: eligible and consistent with program requirements in the Rule
3. Each project narrative is fully responsive to the question being asked and that it meets all the criteria for that question as required by the NOFO

4. The data provided in various parts of the project application are consistent
5. All required attachments correspond to the list of attachments in *e-snaps* that must contain accurate and complete information and are dated between August 17, 2021 and November 16, 2021.

HUD's Ranking Requirements

The 2021 CoC NOFO requires that each CoC conduct a transparent and objective process to review and rank all applications for renewal of existing projects and creation of new projects.

Project applications submitted to the CoC for inclusion on the FY 2021 CoC Priority Listing as part of the CoC Consolidated Application must be reviewed and either accepted and ranked, approved, or rejected by the CoC. All project applications approved by the CoC must be listed on the CoC Priority Listing in rank order, except project applications for YHDP renewal or replacement, CoC planning, and UFA Costs projects which are not ranked. Higher ranked projects will be assigned to Tier 1 and lower ranked projects will be assigned to Tier 2. The purpose of this two-tiered approach is for CoCs to notify HUD which projects are prioritized for funding based on local needs and gaps.

CoC's Project Rating and Ranking Process
In developing local policy governing project ranking, reallocation, and tiers, the Marietta/Cobb CoC's objectives are to:

- Comply with all HUD requirements and support HUD's Homeless Policy Priorities
- Preserve funding for high performing projects
- Shift investments from lower performing projects to new projects that help advance the goal of reducing homelessness and improve system performance.

All projects (except HMIS, SSO-Coordinated Entry projects and the CoC Planning project) will be scored using a scoring system based on HUD-established performance measures and ranking criteria. A total of 84 points will be available:

- **Annual Performance Report Review**

  - **Bed or Unit Utilization** – 8 points available. Utilization rates will be based on the average of the four PIT dates during the last operating year. For family projects that use household units rather than congregate housing, unit utilization rather than bed utilization will be used. Rapid Rehousing projects will not be scored as these projects do not have a designated number of beds or units.

- o **Permanent Housing Placement or Retention** – 10 points available. Permanent Supportive Housing projects will be scored on the percent of persons who remained in the project as of the end of the operating year or exited to a permanent housing destination during the year; Rapid Rehousing projects will be scored on the percent of persons who exited to permanent housing destinations during the operating year. Transitional Housing projects will be scored on percent of persons who exited to permanent housing destinations during the operating year.

- o **Total Income** – 10 points available. Permanent Housing projects will be scored on the percent of persons age 18+ who maintained or increased total income from all sources, from project entry to the end of the operating year (using annual assessment) or at project exit. Transitional Housing projects will be scored on the percent of persons age 18+ who increased total income from all sources as of the end of the operating year (using annual assessment) or at project exit.

- o **Employment Income** – 5 points available. All projects will be scored on the percent of persons age 18+ who maintained or increased employment income from all sources, from project entry to the end of the operating year (using annual assessment) or at project exit.

- o **Average Length of Time Homeless** – 8 points available. Rapid Rehousing projects will be scored on the average number of days between project entry and residential move-in date, for participants that moved into permanent housing during the APR report period. Transitional Housing projects will be scored on the average number of days participants stay in the project. Permanent Supportive Housing projects will not be scored for this measure.

- ● **Returns to Homelessness, based on System Performance Measure 2 report**

  - o 5 points available. Projects will be scored on the percent of clients who exited to permanent housing destinations and did not return to homelessness in Cobb within the first 180 days after project exit. This is based on a review of project exits between 1/1/20 - 12/31/20 and subsequent returns to homelessness between 1/1/20 and 6/29/21. For exits from a DV project recorded in a comparable database, only a subsequent entry into another DV project in that same database will be considered a return to homelessness. Projects with no exits in this date range will get full points.

  - o 5 points available. Projects will be scored on the percent of clients who exited to permanent housing destinations and did not return to homelessness in Cobb within 181-365 days after project exit. This is based on a review of project exits between 1/1/20-6/30/20 and subsequent returns to homelessness between 6/30/20 and 6/30/21. For exits from a DV project

recorded in a comparable database, only a subsequent entry into another DV project in that same database will be considered a return to homelessness. Projects with no exits in this date range will get full points.

- **FY21 Application Review**

  o 8 points available. Projects will be scored on whether the application states the project serves at least one specialized population (e.g., low/no income, substance abuse, DV, chronic homeless, persons with disabilities, families with children).

  o 8 points available. Projects will be scored on whether the application states that participants are quickly moved into permanent housing (i.e., project does not require additional steps, such as a certain number of days of sobriety before moving to permanent housing). Cobb's Renewal Transitional Housing projects will not be scored for this measure because they serve substance abuse and DV clients.

  o 5 points available. Projects will be scored on whether the application states the project meets low barrier criteria (ensure that participants are not screened out on any of the following: having little/too little income, active or history of substance abuse, having a criminal record with exceptions for state-mandated restrictions, history of victimization).

  o 5 points available. Projects will be scored on whether the application states participants are not terminated for any of the following: failure to participate in supportive services, failure to make progress on service plan, loss of income or failure to improve income, any other activity not covered in lease agreement typically found in the project's geographic area.

  o 5 points available if the organization submitted the FY21 project application to the CoC on or before the CoC's 10/13/21 due date.

Miscellaneous

  o 5 points available if the organization submitted its APR for the last completed operating year on or before the due date in Sage.

  o 5 points available if the organization made regular (at least quarterly) draws in e-LOCCS during last completed operating year (as funding availability allowed).

  o 2 points deducted if the project description in DV application does not adequately describe methods used to ensure/improve client safety.

Projects will be ranked and placed in Tier 1 or Tier 2 according to their scores, except for projects placed in Hold Harmless status for the FY21 competition:

- A renewing project that does not have an APR because it has not completed its first operating year will receive 0 points for performance but will be in Hold Harmless status.
- HMIS and SSO-Coordinated Entry projects will be in Hold Harmless status.
- Projects in Hold Harmless status will be placed at the bottom of Tier 1 but above a project that straddles Tier 1 and Tier 2. HMIS and SSO-Coordinated Entry projects will be ranked at the top of the list of Hold Harmless projects. The ranking of the other Hold Harmless projects will be based on scoring from the "Application" and "Miscellaneous" portions of the scoring tool.

Consolidated Projects
- Each individual project application that is included in the consolidated project application will be reviewed, approved, and assigned a unique rank number or rejected.
- The consolidated project application that includes the individual project applications will be given the rank number of one of the individual project applications, as determined by the CoC. The rank of the consolidated project application will start with a C, to identify it as a consolidated application and to distinguish it from the individual project applications.

The non-conflicted Rating and Ranking Committee will make a recommendation for the placement of new projects in Tier 1 or Tier 2.

Renewing projects with a combined score of less than 60 points may be recommended to the CoC Board for either identification of technical assistance needed to address deficiencies, probation, recommendation of sub-grantee status, or full or partial reallocation of funds. Review of additional documentation (e.g., ongoing monitoring reports) could be used to inform this recommendation.

Tier Placement
The (Non-Conflicted) Rating and Ranking Committee will meet on October 25, 2021 and make a recommendation for placement of projects in Tier 1 and Tier 2. The CoC Board will meet on October 28, 2021, to review and consider the Rating and Ranking committee's recommendation. Project applicants will be notified in writing by October 28, 2021 whether their project application(s) were accepted and ranked or if their application(s) were rejected. Rejection notifications will include the reason(s) for the rejection. The Collaborative Applicant's target date for submission is November 15, 2021.

The CoC Application, Rating and Ranking Process, Priority Listing, Meeting Minutes, and Attachments will be published on the Collaborative Applicant's website. Community members and key stakeholders will be notified that the Application, Priority Listings, and Attachments are available for review by November 16, 2021.

Appeals Process

Applicants placed in Tier 1 may not appeal their rank on the Project Priority List. Applicants may appeal any of the following decisions of the CoC:

- Placement of project into Tier 2
- Reduction of renewal grant amount (i.e. renewal grant partially reallocated to a new project)
- Elimination of renewal grant (i.e. entire grant reallocated to a new project)

Appeals must be submitted in writing to the CoC within five business days of notification of the CoC approved Rating and Ranking List; appeals are due by November 2, 2021. Appeals will be heard by a panel composed of the non-conflicted members of the CoC Board plus representatives from two CoC organizations not currently serving on the Board of Directors. The appealing organization will be notified within five business days of the decision of the appeals panel.

Tiers

CoC Number and Name	ARD	Tier 1	CoC Bonus	DV Bonus	Tier 2 = Tier 1 - Amounts for Bonus
GA-506 Marietta/Cobb CoC	$2,255,779	$2,255,779	$157,459	$472,376	$1,625,944 $2,255,779-$629,835

Tier 1 is equal to 100 percent of the CoC's Annual Renewal Demand (ARD) as described in Section III.B.2.a of the NOFO minus the Annual Renewal Amounts (ARAs) of YHDP renewal and YHDP replacement projects. Project applications in Tier 1 will be conditionally selected from the highest scoring CoC to the lowest scoring CoC, provided the project applications pass both project eligibility and project quality threshold review, and if applicable, project renewal threshold. Any type of new or renewal project application can be placed in Tier 1, except YHDP renewal or YHDP replacement, CoC planning, and if applicable, UFA Costs projects as these projects are not ranked. If a DV Bonus project ranked in Tier 1 is selected with DV Bonus funds by HUD, the project will be removed from this tier and the projects below it will move up one rank position. However, if a new DV Bonus project is not selected with DV Bonus funds by HUD, the project will retain its ranked position.

- CoC has no YHDP renewal or replacement projects.

Tier 2 is the difference between Tier 1 ($2,255,779) and the maximum amount of renewal, reallocation, and CoC Bonus funds that a CoC can apply for but does not include YHDP renewal or YHDP replacement projects, CoC planning projects, and if applicable, UFA Costs projects, or projects selected with DV Bonus funds. If a DV Bonus project ranked in Tier 2 is selected with DV Bonus funds by HUD, the project will be removed from this tier and the projects below it will move up one rank position. However, if a new DV Bonus project is not selected with DV Bonus funds by HUD, the project will retain its ranked position. Project applications placed in Tier 2 will be assessed for project eligibility and project quality threshold requirements, and if applicable, project renewal threshold requirements, and funding will be determined

using the CoC Application score as well as the factors listed in Section IIB.11 of the NOFO.

DV Bonus Project(s) Amount
A CoC may apply for up to 15% of its Preliminary Pro Rata Need (PPRN) to create a new DV Bonus project(s); however, this amount is limited to a:
    (1) A minimum of $50,000 if 15 percent of the CoC's PPRN is less than $50,000; or
    (2) Maximum of $5 million if 15 percent of the CoC's PPRN is more than $5 million
- **$3,149,174 (GA-506 PPRN) x .15 = $472,376**

CoC Bonus
Collaborative Applicants may include new project applications of up to 5 percent of its CoC Final Pro Rata Need (FPRN). To be eligible to receive a CoC Bonus project, a Collaborative Applicant must demonstrate its CoC ranks projects based on how they improve system performance as outlined in Section VII.B.2.b of the NOFO.
- **$3,149,174 (GA-506 FPRN) x .05 = $157,459**

Miscellaneous
All applicants are highly encouraged to read the 2021 NOFO and be familiar with the requirements. A list of definitions is contained in the NOFO in Section III.B.2.

Eligible project applicants are identified in Section V.A. of the NOFO. For-profit entities and individuals are not eligible to apply, and applications submitted from these entities will not be reviewed.

All project applicants must ensure their organization has a Code of Conduct that complies with the requirements in 2 CFR part 200 and is included on HUD's website. If the organization's Code of Conduct does not appear on HUD's website, the project applicant must attach its Code of Conduct that contains all the required information to its Project Applicant Profile in *e-snaps.*

Threshold requirements are eligibility and quality requirements that must be met for an application to be reviewed. Threshold requirements are not curable, except for documentation of applicant eligibility, and are listed under Section V of the NOFO.

Applicants must be registered with SAM (https://www.sam.gov/SAM) before submitting their application.

Applicants must provide a valid DUNS number. DUNS numbers may be obtained for free from Dun & Bradstreet.
